# The Place

*Camp Kyari, Syat is located in the Shivalik foothills in Nainital district of Uttarakhand. Syat village is located at the head of the Kota Doon valley in the Corbett landscape.*

*The unique geographical features of the Kota doon makes it a very fertile area besides endowing it with a rich bird and wildlife. The camp, which is bordered by a thick sal forest, gives ample opportunity to study the wild side of the Himalayan Terai.*

*Since the camp is run by the youth of the local community, interactions with the local communities are more meaningful.*

*Geographic cycling expeditions can be undertaken in the Kotadoon valley, while a trek along the river to a cool pool gives the feel of treading in untamed country.*

*Camping out in the wilderness in the one-home village above Syat, exploring ancient village technologies and the local culture and people.*

# Day 1

Arrival at camp

Lunch

Tent allotment

Briefing of the programme

## In The Jungle

Explore the surrounding forest area in small team observe the interdependence of jungle, listen sound of the jungle, connect yourself with nature, get to know the presence of wildlife through direct or indirect sign in the jungle.
